Dispensers and waste bins

Every piece of our modular dispensers and waste bins features curved edges and hole details a nod to the original bend in the L lever handle that d line is renowned for.

But because our design is not about decorative details, the hole of course has a practical purpose: it's an indicator of when supplies of whatever the piece is holding are running low.

Tissue dispenser

Item no.: 14709102000
Description: Wall mounted, 285×140×123 mm
Unit: 1 pcs

Sanitary bag dispenser

Item no.: 14709502000
Description: Wall mounted, 285×140×123 mm
Unit: 1 pcs
 Spare part: hygiene plastic bags f/ sanitary bag dispenser
 25 boxes of 50 bags

Sanitary panels

For the modular panel system, elements are combined within a single frame. Choose between 21 interchangeable pieces that can be configured up to 300 different ways. Combinations can be placed horizontally side-by-side in their own frame, or vertically according to the wishes of the architect.

Installation of the system, pioneered over years of technical design development, takes a maximum of 20 minutes and its one-point locking mechanism allows for cleaning and refilling every module at the turn of a single key.

Now there are even more variations to the system's design, as each panel is available in our four undiluted silk matt RAL tints: White, Black, Telegrey, Dusty Grey.

Sanitary panel J

Item no.: 14710002013 **Description:** Sanitary Panel, Module size 2, Model J **Unit:** 1 pcs

Features:
 Model J is certified according to: EN 62233:2008, EN 60335-1:2002.
 Model J is certified according to UL 499, CSA E60335-1/4E & CSA E60335-2-23.

Sanitary panel K

Item no.: 14710003001 **Description:** Sanitary Panel, Module size 3, Model K **Unit:** 1 pcs

Sanitary panel H

Item no.: 14710003002 **Description:** Sanitary Panel, Module size 3, Model H **Unit:** 1 pcs

Sanitary panel HEK

Item no.: 14710008109
Description: Sanitary Panel, Module size 8, Model HEK

Unit: 1pcs

Features:
Model E is certified according to: EN 60335-1:2012, EN 60335-2-23:2003.

Sanitary panel HJL

Item no.: 14710009017
Description: Sanitary Panel, Module size 9, Model HJL

Unit: 1pcs

Features:
Model J is certified according to: EN 62233:2008, EN 60335-1:2002.
Model J is certified according to UL 499, CSA E60335-1/4E & CSA E60335-2-23.

Sanitary ware

Colours and finishes

Having seen a need for our enduring designs to come in a wider range of aesthetic options, we've developed a line of different colours and finishes for our architectural sanitary ware range.

Satin stainless steel

Polished stainless steel

PVD charcoal

PVD gunmetal

PVD copper

PVD brass

RAL 9005 Black

RAL 7037 Dusty grey

RAL 7047 Telegrey

RAL 9016 White

PVD finishes

Physical vapour deposition (PVD) creates an extremely high-quality, high-durability finish when applied to stainless steel. With it we can now create our sanitary ware in a brushed satin or a polished finish, in Gunmetal, Copper, Charcoal and Brass. And thanks to PVD's strong hygiene profile, cohesive bathroom designs can now be achieved with solid brass levers and PVD brass sanitary ware. Besides our 20-year product guarantee, we offer a 5-year guarantee on the PVD finish.

Powder coating

Four sophisticated solid RAL colours join our offer, created to pair with our minimal designs. The applied finish of these colours is silk matt gloss 20, which results in pure, undiluted pigment beneath a hard, colourless surface that's low-sheen, perfectly smooth and easy to clean by wiping with a damp cloth. Besides our 20-year product guarantee, we offer a 5-year guarantee on the powder coated finish.
